These women are only a few of thousands of living witnesses of the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases. Not one of these women ever received compensation in any form for the use of their names in this advertisement—but are willing that we should refer to them because of the good they may do other suffering women to prove that Lydia E. Pinkham's Vegetable Compound is a reliable and honest medicine, and that the statements made in our advertisements regarding its merit are the truth and nothing but the truth.

TOBACCO TIDINGS.

BY R. F. WHEELER.

The Annual Round-Up.

This week the final effort is being made by the Association to finish the pooling in this county. The time is drawing near when the books must close for the season, as buyers have begun to make inquiries and the Gen. Manager must know definitely how much he has to sell before he can trade.

Chairman Dean, acting under orders of the County board, has put men in different parts of the county to finish the work.

The outlook in this county is favorable for a fairly good pool this year. Not as well as we would like, but much better than was expected at the beginning of the season. While, owing to some little dissatisfaction, some few have dropped out, new recruits have come forward and filled their places.

The growers of the large tobacco counties, Henderson, Webster and Union are almost solid for the Association. Late reports from the Henderson papers indicate that that county will pool nearly 100 per cent. It seems that the growers of Hopkins, like this county, are somewhat divided. Such action will never bring success to any cause. To continue in it is uncomplimentary to the intelligence

and fair mindness of the growers of these two counties.

It seems to us that any set of intelligent men, whose interests are the same, and who wanted to deal fairly with each other, should be able to agree on some proposition affecting the common welfare.

If it is to our best interest to pool with the Association, then every one should put his tobacco in that organization. If some other organization can serve our interests better, it should have the patronage of all. If we can get more money, and do better by selling independent, then it is clear that that is the course of action that all ought to take.

Here are five counties, that owing to soil and climatic conditions raise a certain type of tobacco. The area of its growth is very limited. It practically all goes on the same market. The growers could easily control that market if they would only go into the organization. The growers of no other district have such an opportunity. You may not have another during your lifetime. We have done what we could. It is up to you.

All who did not get their checks when the dividend was being paid off here can mail their weight tickets to Henderson, Ky., addressed to the Stemming District Tobacco Association, enclosing a self-addressed, stamped envelope. Your check will be sent by return mail.

Why People Cough

is a mystery when Dr. Bell's Pine-Tar-Honey will cure any cough. Look for the bell on the bottle. It marks the genuine.

WASHINGTON AND

Franklin

On New Issue of Stamps.

A new issue of postage stamps has been authorized by the postmaster general. The head of Washington will appear upon the first six of the series, and the

bust of Franklin, the first postmaster general, will appear, with a different border design, upon the last five. This new issue of stamps is intended to do away with the confusion that has existed for some time owing to the similarity of several of the present issue. All the stamps at the present time are nearly identical, except the one-cent stamp, which bears the head of Franklin, while all the others bear the likeness of Washington. Besides, the stamps do not show their value in Arabic numerals, a plan which has been adopted for the new issue.

The best plaster. A piece of flannel dampened with Chamberlain's Liniment and bound on over the affected parts is superior to a plaster and costs only one tenth as much. For sale by all dealers.

Blizzard Sweeps Over Montana.

Salt Lake City, Oct. 12.—A terrific blizzard, the first of the winter, is raging in Montana, according to dispatches received today by the railroad and telegraph companies. All wires and communication with Butte, Montana, has been cut off for 36 hours and at the last reports the city was struggling with one of the worst snow storms in its history.

If you have any doubt

of the merit of Dr. Bell's Pine-Tar-Honey one bottle will remove that doubt and your cough at the same time. Look for the bell on the bottle. It is the genuine.

Eighty Bushels of Corn to Acre.

Richard and Barker Head, young sons of Aubrey Head, entered the boys' corn growing contest last spring. Notwithstanding the unusually dry season this year they succeeded in raising eighty bushels on the acre set apart for them. Had the season been favorable, said their father, I believe they would have produced one hundred and twenty-five bushels. The Sun will be glad to hear from other boys in the club.—Morganfield Sun.

A TEXAS WONDER

The Texas Wonder cures kidney and bladder troubles, removing gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women. School Girl Weds.

Bowling Green, Ky., Oct. 17.—With money given her by her parents to pay her tuition in the Western Kentucky State Normal, Miss Eva Gatten, a pretty twenty-year-old girl student from Sacramento, Ky., purchased a trousseau, decided that no further education was needed ex-

cept in domestic science which she would acquire in time from practical experience, and is now the wife of Clarence Blank, a well-known young business man of Central City.

CONFIDENCE

We Back up Our Statements with Our Personal Reputation and Money

We are so positive that we can relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine free of all cost if we fail.

We think that it is worse than useless to attempt to cure constipation with cathartic drugs. Cathartics may do much harm. They may cause a reaction, irritate and weaken the bowels, and make constipation more chronic.

Constipation is often accompanied and may be caused by weakness of the nerves and muscles of the large intestine or colon. To expect a cure you must therefore tone up and strengthen those parts and restore them to healthy activity.

The discovery of the active principle of our remedy involved the labor of skillful research chemists. This remedy produces results such as are expected from the best of the best-known intestinal tonics, and it is particularly prompt in its results.

We want you to try Rexall Orderlies on our guarantee. They are exceedingly pleasant to take and are ideal for children. They apparently act directly on the nerves and muscles of the bowels, having, it would seem, a neutral action on other organs or glands. They do not purge or cause inconvenience. If they do not positively cure chronic or habitual constipation and thus relieve the myriads of associate or dependent chronic ailments, your money will be refunded. Try Rexall Orderlies at our risk. Three sizes of packages, 10c., 25c., and 50c. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store. 171t —Haynes & Taylor.

What Marion Should Do.

Madisonville, Ky., Oct. 9.—Madisonville is to have a chance at voting to have a municipal water plant. The council tonight passed an ordinance to put the question before the people to be voted on in the November election. It is believed that it will carry as a majority of the voters favor it.

yesterday from Salem, Ky., where a mass meeting of the citizens was held. Not a dissenting voice was heard and a number of subscriptions were taken yesterday. Salem will subscribe \$1,000. The meeting was held at noon yesterday and attended by the entire populace. The people are after the road and Mr. Wheaton is much encouraged over the prospects. The trip was made in an automobile, and over an exceedingly rough road.

Tonight a meeting will be held at Mayfield under the direction of the Graves county commercial club. Mr. Wheaton, Mr. Calhoun, Mr. H. C. Rhodes and several others will leave this evening to attend. The support of the Graves county people is assured. A committee with Mr. Wheaton will go to Marion, Ky., Friday to hold a mass meeting. The outlook is most encouraging in Livingston county and the entire county pledges support in getting the road.

Bronchitis Conquered

Seventy Years Old and Praises Wonderfully of Hyomei.

"I had a severe attack of La Grippe. It left me with bronchitis and catarrh of my throat. I became quite deaf in one ear so I could not hear a watch tick. I commenced using your HYOMEI and inhaler and soon got relief, and believe that it saved my life. I have recommended it to many. I am over seventy years old. I have told several prominent doctors what it did for me." Wm. H. Mowder, Washington, N. J., R. F. D., March 16, 1911. For catarrh, asthma, bronchitis, coughs, colds and catarrhal deafness HYOMEI is guaranteed by Haynes & Taylor. A complete outfit including inhaler and bottle HYOMEI \$1.00, separate bottles HYOMEI if afterwards needed 50 cents. o-5-91

LIVES SAVED ON RAFT OF CABBAGE.

Big Sack of Cabbage Acts as Human Buoy to Carry Them to Shore.

Hazelton, Ind., Oct. 16.—On an improvised raft of cabbage three men swam to safety in White river today when a launch sank, carrying with it to death Henry Wallace 55 years old. Felix Self, Peyton Johnson, William Alford and Henry Wallace, in Wallace's launch, were between Decker and Hazelton late this afternoon when the overloaded boat suddenly shot to the bottom. Whether the engine broke or the hull ripped the survivors do not know. The boat sank in five seconds. Wallace, unable to swim, went down with it. In the swollen and swift

stream the three other men faced death.

Johnson could not swim. The sack of cabbage containing nearly a ton floated free as the launch dropped to the bottom. To this vegetable buoy the men clung and managed to get to the bank.

After an exciting struggle they landed a long distance down stream from where the accident occurred.

An effort is being made to find the body of Wallace as the river is at flood stage.

Hurrah For Singer

Keeps Spotless Town, Most Industrious of Indians.

John Singer, of Rushville, Ind., is declared by the residents of that town to be the most industrious man in the state. Singer is a street cleaner and works at his chosen vocation every day in the week, including Sunday. He isn't paid for working on Sunday, but his pride in keeping the streets of his native town as spotless as possible prompts him to arise at 4 o'clock in the morning on that one day and sweep the streets clean, so that visitors coming to town will have nothing but favorable reports to carry away with them.

A good remedy for a bad cough is BALLARD'S HOREHOUND SYRUP. It heals the lungs and quiets irritation. Price 25c, 50c and \$1.00 per bottle. Sold by Jas. H. Orme.

River Highest in 19 Years.

Old rivermen say that the river is at a higher stage at present than it has been for the past nineteen years at this time of the year. It has been nearly twenty years since the stage of the river admitted of Lee line steamers making trips from Memphis to Cincinnati at this time of year.—Uniontown Telegram.
